The big upcoming VAC event is going to be called **Goals Review Summit**. A date can't be set until the board retreat on November 1. It is now likely the event will have to take place in March or April 2014.

The Community Center planning charrette meeting is supposed to have happened this fall but will likely go later, pushing our event later.

At the Goals Review Summit Paxton suggest: Two different break out groups will talk about the 9 different goals.

- Paxton will try to get a date on the fair calendar for the **Goals Review Summit** at the board retreat on November 1.
- Bob will talk with Norma or the Fair Family News about the possibility of doing an 1, 2 or 4 page insert this spring in the Fair Family Newspaper to help publicize the Goals Review Summit.
- Miles will work with Tony and or Joseph to get a web page or site up with each goal article and the fair family responses. Ideally this would include a way for the fair family to provide input on existing goals.
- Paxton will ask Charlie and Tony if Miles can add to the VAC web presence per Joseph's request.
- Jill will add all the missing goals articles to the BlogSpot. Paxton will get collect all the responses from Gmail and share with Miles.
- Jill will work with Peter to provide some graphics for the next 3 or 4 issues of the Fair Family News = November, December, January and February issues.
- At the next meeting we will review Survey Monkey questions and responses we have gotten from the FFN's articles.
- The VAC should review the draft article, attached, for the October Fair Family News and suggest any edits to Peter at peterc@gorge.net

Our next meeting will tentatively be on Monday October 21 at 5:30
