

Bylaw Change - Transition to 3-Year Board Term

A Bylaw change was passed at the August board meeting, that eliminates alternates and changes board member terms to three years. Previously, five board members and one alternate have been elected for two-year terms at the annual membership meeting.

It will take a couple years to transition to four board members being elected to three-year terms annually. The intent of the accompanying graphic is to show a visual representation of how this transition will happen. The rows represent the twelve board positions, and the columns show the year the position was/will be elected.

This year, the 2021 ballot for the board election will elect six directors. The length of term will be decided by the number of votes, the top four will get the three-year terms and the next two will have two-year terms.
