use the same invite format/ booth reg option

Questions:

Lisa (Lisa Parker of the BOD) asked what do food booths need to participate this year. we gave her some basic ideas we have and questions the reps have.

Updates:

Hand Wash

Dan gave the hand wash update, the first phase around a dozen sites are being looked at. There is a possible rebuild of politics park. there will be hand sanitizer at recycling stations. Greywater is the biggest concern, how to hold it, and where. Amy Hand has been working with thinking tree spirits on hand sanitizer may be able to donate a large amount of hand san to the fair.

Blue Sheets:

A subcommittee formed around the digital blue sheet and will meet with Katy on 2/2/22. Katy will provide zoom.

Next Meeting:
