

The Motion before the Board is:

"The Board moves directors step down for at least one year after serving 6six consecutive years on the Board"

The survey below was taken at and around fair time in 2019. This survey was taken as a result of a motion passed by the board in November of 2019 that created a work group of the Bylaws and the Elections committee to pursue questions about our elections.

Figure 33. Responses to the question: "Do you support a bylaw change that would require board members to step down for at least one year after serving 6 consecutive years? (After 6 years, take 1 year off before running again.)" N=1627
