

Path Planning met March 19th 2023:

A site walk was held to discuss the request by members of DuCaniveux for space near the stage and its impact on existing booth members and campers. The group also looked at egress for the stage and considered modifications in that area to fences and other structures.

Junction Smoking area improvements were discussed to mitigate concerns with a nearby drinking fountain.

Ash tree identification was also discussed, and a few observation and EAB informational areas were identified.

Politics Park discussion included renaming stalls, creating better access and signage for gender-neutral restrooms. Improvements to the adjacent smoking area were considered.

There was also a discussion about the placement of geodesic domes for shade and potential structural permits needed from the County.

Next hybrid meeting is 12:00 pm Sunday, April 16th at Alice's and via Zoom. Site walk 10:00am meet at Main camp.
