

WANDERING PERFORMER GUIDELINES OREGON COUNTRY FAIR

Wandering Performer Guidelines have been created to assist path performers at the Oregon Country Fair in having and creating positive experiences. In the OCF spirit of free and creative artistic expression, anyone is welcome to perform on the paths as long as they do so within these guidelines. As performance space is at a premium, it is important that each performer be flexible, considerate, and cooperative. Please be conscious of your space, sound levels and those around you including other performers, stages, attendees and booths.

Thank you for your contribution to the Fair Magic!!

- Do not set up or start a show that competes for the audience of other path and stage performers.
 - Rotate performance spaces by wandering throughout the Fair.
 - Help your audience keep paths open for foot traffic.
- Connect with booth members before setting up in front of a booth.
 - Cooperate with all Fair and Entertainment staff.
- Solicit donations with discretion and respect. Only officially booked performers may sell merchandise.
- Battery powered amplifiers and recorded music are prohibited.
- Performers not following these guidelines will be asked to stop and may, in extreme circumstances, be escorted from the Fair.
