There will be Fire Extinguisher Training, on June 25 from 10am to 4pm (Demonstration and instruction just take a few minutes.) It is super fun and very useful!  
Human Intervention training is scheduled for the same day. See announcement above.

Many of us carpooled today, Thomas' idea of meeting up at W 11th parking lot worked!

### Work Parties

We have work parties scheduled for June 17 and June 25. See note above.

### Fall Meeting Dates

We agreed to October 15 (changed at last meeting) and November 19.

If we did have a Capital Improvement Project we would have to submit it by the end of October. You can read The Capital Project Form under Coordinator Forms on the dot net site.

### Announcements Round Two

Newt said that he is still hopeful about having some kind of presentation of Electrify America, an program of incentives and grants aimed at electrifying america.

We threw out a few ideas about this and discussed some fair history and talked about possible placement. Andrea volunteered some materials. This is a big project to get done this year!

If you are interested in helping please contact Newt -
