community standards .

The OCF

places an emphasis on the handmade and encourages creative forms of mindful presentation in a way that does not preclude others from expressing themselves as well. Because we camp so closely together, amplified or any loud sound, whether live or recorded, projected beyond the intended audience creates problems for other Fair Family. From Main Camp through Post-Fair, all amplified sound between the hours of 7 pm and 2 am the following day, must have a sound permit. When planning your amplified event, please consider the size of your space and the impact of your sound on surrounding areas.

Your amplification should fill the space without bleeding into neighboring camps or other permitted amplified sound. Please consider others before you turn it up. Be respectful of your impact on other performances, exhausted kids and parents, and Fair Family with early morning shifts by ending your program on time and not exceeding the sound limits detailed on the permit.

If conflict develops, or you believe there is a violation of this guideline, please contact your nearest Information Booth for assistance. the Management Team will intervene as needed. Conflict resolution decisions made at that time by the Management Team must be honored by all involved parties and will be reviewed post-Fair.amplified sound. All Sound Permit requests and timing issues are subject to Management approval all year long. If you are planning an event involving amplified sound on the Fair site outside of the event season, you must obtain a permit from the Site Manager. All amplified sound will comply with Lane County ordinances per our agreement with the County. All amplified sound taking place on OCF stages during the weekend of the event is subject to Stage Coordinator approval and final OCF Management approval.

From Main Camp through Post-Fair, all other sources of amplified sound between the hours of 7 pm and 2 am the following day must have an Amplified Sound Permit. No amplified sound, or loud performances will be allowed between 2 am and 6 am.

amplified sound permits. Download an Amplified Sound Permit Application

at: [oregoncountryfair.net/documents](http://oregoncountryfair.net/documents).

During OCF Main Camp through post-Fair, you may also pick up a permit application at Quartermaster. Return the application as instructed for review by the Management Team, who will consider requests on a case-by-case basis. Applications must be received at least 48 hours prior to requested event.

Sound Amplification Permit approval may be determined, in part, using some or all of the following criteria: sound sheds, decibel levels, respectful interactions, and other permitted amplified events in proximity or on consecutive nights in the same location. It is important to highlight that breaking agreements and/or not following directions regarding Amplified Sound Permits from the Management team or Site Manager can result in the denial of future permit requests made by the individual and types of amplified sound.

Amplified sound allowed at the OCF is that which is sung, played, or created by the musician or DJ and respectfully broadcast to the immediate area and audience with the understanding that sound circles overlap and not always to the benefit of others. Pre-recorded music is not in line with our emphasis on the handcrafted—whether art, food, or music. No pre-recorded music is allowed unless it is a part of an approved performance, dance, stage act, or work crew.

future. There are ongoing efforts among the Board, Management, and other Fair volunteers to understand and design our soundscape to meet the needs of our intergenerational family and our neighbors in Veneta. By working together and understanding that there is a wide range of requests, requirements, and desires, we can come to agreements across campsites and camp areas that meet the needs of most people much of the time. Therefore, this guideline is an evolving process and will be subject to annual review by the Management Team.

8. Awarding Booth Space on a Permanent Basis. Permanent placement will be determined annually based on availability of booth space and the evaluation of qualified applicants. If space is available, it will be awarded to crafters who have:

- 1.) Five years verifiable presence at the Fair as an active crafter;
- 2.) Presence at the Fair as an active crafter in at least two of the previous three Fairs;
- 3.) Top scores from the Craft Inventory jury in the current year of application.

Crafters who have met the above requirements and wish to apply for permanent placement should submit a letter of interest between May 1 and September 30, after completion of the jury process. The letter should indicate which booths the crafter has been in at the Fair, when, and what the jury scores have been—in other words, the crafter's history with the Fair. Letters may be submitted to [boothreg@oregocountryfair.org](mailto:boothreg@oregocountryfair.org). Craft Inventory, Registration Crew, and the Craft Committee will work together to confirm booth history and jury scores before any decision is made. Decisions will be made by December 31 and will be applied at the following Fair if there is booth availability.

The opportunity to be placed in an available booth will be guaranteed as soon as possible after September 30. Returning crafters who are interested in (and eligible for) booth space on a permanent basis must submit a new application (with digital images and fee) to Craft Inventory by the annual application deadline to be considered for placement the following year.

<b>Why does this change need to be made? Who would be affected?:</b>	<p>This change clarifies the permanent booth process and establishes consistent timelines for crafters and Booth Registration. This update also removes unclear language, making it easier for crafters to understand the steps required to submit a letter of interest for a permanent booth.</p>

This system must, at a minimum, include a five-gallon food-grade container for water storage. The container must have a dispensing valve that provides a constant flow of water when opened. A catch basin must be provided to collect wastewater from the handwashing system in a sanitary manner. There must be two separate containers: one with soapy wash water and the other with a sanitizing rinse of at least 100 ppm chlorine (1 tablespoon per gallon of water). Use only paper towels to dry hands.</p>

(5th paragraph) Each food booth and food cart must be equipped with a hand-washing system that provides warm, flowing water at all times. This system must, at a minimum, include a five-gallon food-grade container for water storage. The container must have a dispensing valve that provides a constant flow of water when opened. A catch basin must be provided to collect wastewater from the handwashing system in a sanitary manner.</p>
<b>Identify other sections that would be affected by the change, if applicable:</b>	N/A
<b>Why does this change need to be made? Who would be affected?:</b>	<p>Since warm flowing water for a handwash setup is now required, the section about the option of having 2 basins for a handwash setup with soapy water and sanitizer is confusing and can be removed. It is a holdover from before the flowing water requirement was added.</p>

<b>Identify the proposed change by page and section number in the 2025 Guidelines. It would also be helpful to copy and paste the original text you would like to change or remove:</b>	Booth guidelines page 13. section 31 paragraph 2 and paragraph 3
<b>Show how the revised section is to read:</b>	Resale of OCF inventory (any type of pass, wristband, or vehicles sticker) for more than face value is a violation of OCF policy and can result in probation, suspension, or prosecution. Each person receiving purchased fair inventory must be provided with an OCF generated receipt for the purchase of that inventory.
<b>Identify other sections that would be affected by the change, if applicable:</b>	N/A
<b>Why does this change need to be made? Who would be affected?:</b>	This makes clear that ANY resale of inventory for over face value is a violation of policy (and potentially of the law), and adds the internal control of having receipts shared with the people who get the inventory

Booth, Cart, and Strolling Fees SUPPLEMENTAL CAMPING PASSES. A food cart or strolling food vendor must be open at least 15 hours per day and any food booth, including drinks-only booths, must be open 20 or more hours per day including Sunday in order to receive additional wristbands.
<b>Show how the revised section is to read:</b>	31. Booth, Cart, and Strolling Fees SUPPLEMENTAL CAMPING PASSES. Food vendors may apply for supplemental camping passes if they meet one or more of the following criteria: extended operating hours, complex menu offerings, significant on-site food preparation, and a demonstrated history of compliance with event guidelines.
<b>Identify other sections that would be affected by the change, if applicable:</b>	N/A

<b>Why does this change need to be made? Who would be affected?:</b>	Change the due date and language to reflect the current Food Committee process for deciding who qualifies to receive supplemental passes and to accommodate more metrics besides just the number of open hours.

<b>Why does this change need to be made? Who would be affected?:</b>	<p>This change eliminates pass refunds for booths, thus mirroring the policy for crews (no refunds on passes)</p> <p>There was a bunch of discussion about this with the food committee. The position of the committee is that they would prefer that an option for refunds for passes be still available to food booths. Our</p>

suggestion is to leave that statement in the guidelines, but update the language to "Requests for pass refunds will be considered", leaving the door open for Registration to take each request for a refund on a case-by-case basis, and that pass refunds are not guaranteed.

### 37. BOOTH P14 S33 – Passes

<b>Identify the proposed change by page and section number in the 2025 Guidelines. It would also be helpful to copy and paste the original text you would like to change or remove:</b>	<p>BOOTH Guidelines P14 S33 - Add after this paragraph</p> <p>Only a booth, cart, or strolling representative or a delegate with written authorization from the representative may order or purchase wristbands, worker day passes, or vehicle stickers. The representative must be an approved crafter with at least five years' crafting at OCF, except in the case of holders of One-Year-Only booths, and must have a vendor, i.e., not staff, wristband.</p>
<b>Show how the revised section is to read:</b>	<p>Subject to availability, Booth Registration crew allocates four wristbands for each juried crafter. However, this does not guarantee camping space within the booth. There is an expectation that booth representatives will be responsible for an equitable distribution of wristbands, vehicle stickers, booth space, and booth expenses (such as booth fee, construction, and maintenance). Reports of inequitable treatment within booths will be investigated by Craft Committee, Craft Inventory, Booth Registration, and Fair management. For one year only booths, Booth Registration crew determines wristband and vehicle sticker allocation.</p> <p>Requests for more than four passes per crafter must be submitted to Booth Registration Crew.</p>

	<p>(NEW SECTION) <b>Leave of Absence.</b> A food booth, food cart, crafter, or booth representative may take a leave of absence for up to two consecutive years with written notification.</p> <p><b>Crafters.</b> Failure to notify Booth Registration by the March 1 deadline may result in forfeiture of the booth for the current year and reassignment of the space. A booth's leave of absence applies only to the booth itself; a crafter may continue to participate in another booth during this period without affecting their crafter status.</p> <p><b>Food Vendors.</b> Food Vendors who have taken a leave of absence must ensure that their Primary Food Booth Representative notifies the Food Committee by January 1 regarding their status for the upcoming fair—specifically whether they intend to retire, extend their leave for one additional year, or return.</p> <p>Booths, carts, or strollers that consistently fail to meet communication or payment deadlines may be placed on Administrative Probation, which requires the booth representative to demonstrate timely communication and full compliance with Booth Registration and/or Food Committee timelines during the following season.</p> <p>Continued failure to communicate, submit payments, or respond to Booth Registration while on probation may result in loss of booth eligibility, at the discretion of Booth Registration, the Craft Committee, the Food Committee, and Fair Management.</p>

<p><b>Why does this change need to be made? Who would be affected?:</b></p>	<p>Change the deadline from May 1st to March 1st, and add a new note for people who took an LOA last year, to make sure we know if they are returning or retiring earlier than March, so we have more time to potentially fill their slot. Some booths have repeatedly failed to respond to Booth Registration, submit payments, or confirm their attendance, which prevents us from managing spaces and offering opportunities to crafters on the wait share list. This update adds clearer deadlines, a defined forfeiture process, and Administrative Probation, so we have structure to reference when booths do not communicate or follow the required steps.</p> <p>It also supports fairness: most booths consistently meet deadlines and follow guidelines, and this update ensures that all booths are held to the same standards. If our Red Tag team deems your booth a safety issue, the Booth Representative is responsible for the repairs to the booth. Most repairs can be done yourself, or with a builder that you hire. If you take a Leave of Absence (LOA), you are still responsible for repairs to your booth to correct all Red Tag issues at your expense. Repairs done by the Fair due to failure of the Booth Representative to make the repairs, may lead to probation, a fine, and/or, being billed for said cost of repairs. When repairs are complete, a note should be left in the red tag book on the Construction desk in Main Camp.</p>
