How Do Crew Coordinators Make Teen Requests?

Existing information, this one is wrong and refers to how teens apply: :

<https://oregoncountryfair.net/sunshine-database-information/>

Go to 2026 budget line item and hit the little “i”

There will be many tabs, including one called “Teen Crew Requests”

The screenshot shows a database entry for '2025/Oregon Country Fair/Crews/Camping'. The 'Teen Crew Requests' tab is active. Below the tabs, there is a text box stating: 'Teens volunteer a total of 12 hours. Teens 16 years old and older can volunteer any hours. 14 and 15 year-olds can work between 7AM and 9PM. Teens cannot volunteer between 12AM and 6AM. Only teens volunteering for shifts between Thursday noon and Sunday midnight during Fair get food vouchers. Make sure your teens get fed at the Main Camp Kitchen if they're pre or post Fair. You may not get any or all of your requested teens.' Below this is a 'Make a new request' button. The form includes a field for 'How many teens to you want for this position?' with the value '2' and a 'no longer need this position' button. The 'Position Title (must be unique):' is 'Camping: South Woods Site Maintenance'. There are four shift entries with dropdown menus for Date, Start time, and Shift length.

Please note: If you have a date in one of the description fields from last year, please review and update where needed.

Where are the 2025 requests and are they tied to 2026 requests?

The requests from last year should already be there. If you no longer need a position, click the “I no longer need this position” button.

Click “Make a new request” if you need a new position for this year.

How to tell the status of Requests?

From Teen crew coordinator page select the Requests tab.

Here you can see each Crew that has submitted a Teen Request.

This will update every time a coordinator updates or saves a request:

The screenshot shows a database entry for '2025/Oregon Country Fair/Crews/Teen Crew'. The 'Requests' tab is active. Below the tabs, there is a grid of request entries.
